## Chat from the March 5<sup>th</sup>, 2021 Coalition to End Homelessness Meeting

- 00:33:17 - Kenny Coble (City of Tacoma): - City of Tacoma's Rental Housing Code Website:  
<https://www.cityoftacoma.org/cms/one.aspx?pageId=163295>
- 00:34:21 - Rob Huff - MDC (he/him): - Thank you, Kenny!
- 00:34:40 - Sherrilla Bivens: - thanks Kenny
- 00:38:58 - Maureen Howard: - Could we get a right of first refusal on sale? We could figure out potential nonprofit or for-profit buyers who would preserve the housing as affordable to people at or below 50% AMI?
- 00:40:27 - Laurie Davenport: - Thank you ChiQuata!
- 00:41:24 - Kenny Coble (City of Tacoma): - I don't have the PDF, unfortunately, but all this content is on the website. We can email it after.
- 00:41:38 - Jennifer Ammons: - Some exciting proposals! Thanks, ChiQuata!
- 00:42:32 - Rob Huff - MDC (he/him): - That is a copy of the handout I was just sharing
- 00:43:14 - Laurie Davenport: - Tacomaprobono's Housing Justice Project also has language services for phone calls for people who need legal advice. (253) 572-5134, ext. 102
- 00:43:43 - Maureen Howard: - Is there an April event date yet?
- 00:46:26 - Maureen Howard: - Do people complain about college students sharing housing or only poor people?
- 00:47:05 - Sarah Rumbaugh: - What about multigenerational families?
- 00:47:17 - Tina McLeod: - ChiQuata - Is already a City process for businesses to get approval for more than 6 unrelated persons?
- 00:47:28 - Sarah Rumbaugh: - They live together in spaces like this, and a lot of it has to do with economic needs.
- 00:49:25 - Lisa LARSON: - also the requirement for incoming tenants making 3x rent amount. Rent is increasing and paychecks are not.
- 00:49:28 - Jennifer Ammons: - NJP hears a lot of that, too, ChiQuata. \$35 a pop for multiple applications is prohibitive for people living on very limited incomes.
- 00:50:03 - Colin DeForrest: - 15 people in a 3-bedroom house is better than 15 people on the street...obviously depending on the situation. Seems we need to be flexible and look at it in a case-by-case basis.
- 00:50:24 - Colin DeForrest: - And thank you ChiQuata!!!
- 00:50:29 - Tina McLeod: - Current City Code is currently 6 "unrelated" persons. This does not affect families (who are related, multigenerational, etc)
- 00:51:48 - Sherri Jensen: - CoT already has a requirement that no more than 6 non-related individuals can live together at one time, isn't that correct?
- 00:52:13 - Sherri Jensen: - Oh, I just saw your comment Tina :)
- 00:52:28 - Al Ratcliffe: - Please include in the ordinance a requirement that landlords must accept a universal background check report from an applicant for rental.
- 00:53:40 - Kenny Coble (City of Tacoma): - Please keep providing feedback in the chat. ChiQuata, Steve, and I are collecting it all so her team can consider it.
- 00:53:48 - Tina McLeod: - Abril - your client may want to contact [www.tacomaprobono.org](http://www.tacomaprobono.org) to ensure they are clear on their tenancy rights with the Housing Authority
- 00:54:26 - Sarah Rumbaugh: - There is a reason people are living in these situations. There is not enough housing in Tacoma.

- 00:55:20 - Laurie Davenport: - Contact info for Tacomaprobono: [hjp@tacomaprobono.org](mailto:hjp@tacomaprobono.org), (253) 572-5134 ext. 102, online intake form. More info on <http://www.tacomaprobono.org/hjp> and website can be translated into 5 languages.
- 00:55:23 - Sheila Mirafior: - Jennifer, what is being done to create a Comprehensive Tenant Screening voucher that landlords can accept?
- 00:55:58 - Jennifer Ammons: - Abril, NJP's CLEAR line is another option (888-201-1014). NJP handles subsidized housing terminations and reductions.
- 00:56:56 - Sherri Jensen: - It seems like creating an occupancy for shared housing based on square footage of a space would be more reliable than inserting an arbitrary number cap. If a 3-bedroom house consists of 3 overly large rooms, a dining room and a finished basement could have the square footage to fit 15 non-related individuals in a habitual way
- 00:56:59 - Sara Irish: - Thanks Maureen that is a great request.
- 00:57:06 - Sherri Jensen: - occupancy code\*
- 00:57:25 - Steven Sawada: - Good call. Thx Maureen.
- 00:57:26 - Tina McLeod: - Renters Readiness classes are offered by Landlord Liaison Program/Associated Ministries - and one of the classes is Landlord-Tenant Rights & Responsibilities - free, open to public. Schedule at [www.landlordliaisonprogram.com](http://www.landlordliaisonprogram.com) The classes are not currently in languages other than English and that work to do so is on our work-plan. Email LLP at [manager@landlordliaisonprogram.com](mailto:manager@landlordliaisonprogram.com)
- 00:57:44 - Sara Irish: - Please non Google translations!
- 00:58:27 - Theresa Power-Drutis: - Unrelated Occupancy limits are a difficult issue that have unintended impacts on low income people. Thank you ChiQuata and Kenny for listening.
- 00:58:36 - Colin DeForrest: - good point Sherri
- 00:59:28 - Jennifer Ammons: - Sheila, there is already a universal tenant screening available--tenants can pay for it once and then provide a secure link to landlords with each new application. I am not aware of any screening vouchers.
- 01:00:07 - Kenny Coble (City of Tacoma): - City of Tacoma's Rental Housing Code Website: <https://www.cityoftacoma.org/cms/one.aspx?pageId=163295>
- 01:00:11 - Christina Meek: - where do homeless people go when they are forced to leave an area in Tacoma? and how come Tacoma isn't providing them with masks during this pandemic?
- 01:00:12 - Maureen Howard: - Is the website set up so people can tell their stories
- 01:00:22 - Theresa Power-Drutis: - Many property management operations refuse to honor the universal tenant screening
- 01:00:33 - Kenny Coble (City of Tacoma): - [TacomaRHC@cityoftacoma.org](mailto:TacomaRHC@cityoftacoma.org)
- 01:01:11 - Daisy Reyes: - Thank you, ChiQuata!!
- 01:01:26 - Kathryn Green: - Is there any talk about rent caps for city of Tacoma and screening people out by requiring their income is 3-6x the rental amount.
- 01:01:40 - Kathryn Green: - Thank you
- 01:01:48 - Miguel Rodrigues: - Number one Victory Royale
- 01:03:17 - Miguel Rodrigues: - Do all of you guys Support BLACK LIVES MATTER
- 01:04:15 - Maureen Howard: - Brandon - how does the city define "lower opportunity" areas? thanks
- 01:04:39 - Miguel Rodrigues: - Ten kills on the board right now
- 01:07:52 - Kathy Ryan: - I support BLM and anti-racism. Kathy Ryan, ED SW Supervisor
- 01:10:11 - Colin DeForrest: - What would the next proactive step to be taken? will it be providing garbage receptacles nearby?
- 01:10:59 - Jeffrey Boyce: - 300 Gal bins would work

# Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

- 01:12:19 - Maureen Howard: - The new Homeless Outreach Team Coordinator should join the biweekly Homeless Outreach Team meetings
- 01:12:42 - Maureen Howard: - Is there a place for people with lived experience to be trained to help with clean up?
- 01:12:52 - Carolyn Read: - MARK YOUR CALENDARS! <https://www.eventbrite.com/e/144290985221> This is our March 27th event from 10-noon to view the film "Camp Second Chance" and a panel discussion on Homelessness with County Council members. A flyer will be coming soon and we will share it with you all. We are also holding our last of a three-part series of training sessions March 16th. It is presented in two parts: Homelessness 101 from 6-7 pm <https://www.eventbrite.com/e/128915711363> and Substance Use Disorders and Motivational Interviewing from 7-8 pm <https://www.eventbrite.com/e/128924461535>
- 01:14:35 - Maureen Howard: - Will you do the purple bags within the encampments in Metro Parks parks?
- 01:17:40 - Theresa Power-Drutis: - There is another item that could be included in the bottom line when comparing contractor vs. purple bags. A steady cleanup eliminates one obstacle to understanding between sheltered and unsheltered neighbors.
- 01:17:55 - Al Ratcliffe: - RE Sharps: Suggest you place sharps containers at collection sites without asking occupants, so they don't feel threatened by the question. Just place sharps container and find out how used.
- 01:20:24 - Janet Runbeck: - NCS = Neighborhood & Community Services, City of Tacoma
- 01:21:20 - James Pogue: - Dave Peirce Project/Tacoma Needle Exchange
- 01:21:24 - Angela Gallardo: - We'll have sharps containers at our sites in the future.
- 01:21:49 - Danici Wellott: - hi I'm Danicia Wellott just started hometeam
- 01:24:22 - Colin DeForrest: - you touched on the challenges with human waste. Is the expectation campers will human waste is put into the purple bags? Or was the pick-up of this separate or a part of the project? Were there numbers or data about this?
- 01:25:04 - Colin DeForrest: - seems like an important thing for the city/ES to find ways to also be proactive about.
- 01:25:58 - Sherri Jensen: - I am, thank you Linda. We are humbled to be able to serve our community. Our team is made up of amazing and dedicated staff who made it possible
- 01:26:55 - Danici Wellott: - what is the contact for bethel ham baptist?
- 01:27:16 - Theresa Power-Drutis: - Will Shiloh be for single adults?
- 01:28:42 - Maureen Howard: - How is the City hiring the Interim Homeless person?
- 01:28:51 - Sherri Jensen: - Bethlehem email: [BBCShelter@outlook.com](mailto:BBCShelter@outlook.com)
- 01:29:07 - Sherri Jensen: - Main Phone Number:
- 01:29:34 - Brandon Drucker: - We did not explicitly ask anyone to use purple bags for human waste, but believe they were occasionally used for that purpose. We do not have data about human waste, but this is definitely important to the City. For human rights and stormwater reasons, among others. There is ongoing discussion on that topic between City departments.
- 01:29:41 - TIEGAN TIDBALL: - This is the number for BBC: 253-472-1147
- 01:30:39 - Mike Boisture: - Bethlehem contact is Deshunda Mitchell - call church number 253.472.1147
- 01:31:10 - Danici Wellott: - thank you!
- 01:31:10 - Brandon Drucker: - There is also discussion about human waste impacts beyond the City at the state level and beyond. Some California cities have stormwater TMDLs (total maximum daily load) for related pollutants.
- 01:31:44 - Janet Runbeck: - Thank you Tiegán. You've been very responsive in Erica's absence.
- 01:33:38 - Theresa Power-Drutis: - Why are you using PIT rather than a more reliable data?

# Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

- 01:34:12 - Rob Huff - MDC (he/him): - Thank you, Theresa. I will pose that question at the end of this slide.
- 01:34:23 - Carolyn Read: - Prior to COVID shelters had 30-90 day waitlist. What is the City's plan to increase capacity for the 'stabilization' stage post-COVID?
- 01:34:56 - Carolyn Read: - Will the waitlist be a measurable goal to reduce?
- 01:38:06 - Janet Runbeck: - Will the new sites under consideration include the medically fragile, and health needs?
- 01:38:49 - Sarah Rumbaugh: - 1590 1/10th of 1 percent for affordable housing.
- 01:38:50 - Maureen Howard: - Re Janet's question - maybe include recuperation/respite hotel rooms?
- 01:38:57 - Lisa LARSON: - what is being done to address bh needs?
- 01:38:57 - Brandon Drucker: - Maureen - See Tacoma's equity index map and more details at the following link. I was not involved in it's development, personally, but know the team worked with many groups to incorporate several indicators of opportunity.  
<https://www.cityoftacoma.org/cms/One.aspx?portalId=169&pageId=175030>
- 01:39:42 - Danici Wellott: - can we use reposed houses for homeless housing?
- 01:39:57 - Danici Wellott: - there are so many empty homes that are becoming run down
- 01:40:02 - Colin DeForrest: - who will be prioritized for the mitigation style site you mentioned? will the larger encampments be prioritized?
- 01:41:29 - Maureen Howard: - It would be really helpful to have the definitions on a single page...prevention, etc
- 01:42:53 - Theresa Power-Drutis: - Rob - this question may need to wait until the end of the presentation as it relates to something Linda announced in her introduction. Why are we creating hygiene stations in neighborhoods rather than in a sanctioned encampments? Low income neighborhoods will continue to serve as containment zones until sanctioned campgrounds are established. This is not a step toward ending street homelessness.
- 01:43:21 - Sherri Jensen: - The PIT seems like a non-suitable number to use in this infograph, or at all when considering actual need
- 01:43:39 - Colin DeForrest: - What is the plan for the following: Yakima Avenue Camps, Evergreen State/6th Ave camp, 38th street camp, Puyallup Avenue Camps? Specifically hygiene services and garbage services and alternative site options.
- 01:44:43 - Reanna Bettencourt: - Are these slides available on the website? Or how can I get a copy of the presentation?
- 01:44:45 - Sarah Rumbaugh: - I think all citizens of Tacoma would tell you there is a homeless emergency since we have people camping on our sidewalks on Yakima and J Streets, as well as many other areas of our city.
- 01:44:52 - Courtney Chandler: - Why is there such a small amount of funding allocated to housing versus shelter? Shelter is great but it is temporary. Is the city focused on longer term solutions? If so, how can we increase funding for housing solutions?
- 01:45:05 - Sarah Rumbaugh: - I agree, Courtney.
- 01:46:05 - Gerrit Nyland: - My offer is always open to work with City and County staff to develop a method to more accurately count unsheltered homelessness.
- 01:46:18 - Rob Huff - MDC (he/him): - Reanna, I will post these slides in the chat when I am done sharing them!
- 01:46:28 - Sherri Jensen: - Prevention funding should be made available for new housing, as more stock is really the only prevention to treat the crisis
- 01:46:31 - Sally Perkins: - Has the 1100 J Street street camp been cleared? Or it is being cleared? It looked like the tents on the East side of the block were gone, and that some of the tents on the West side of the block were gone (this was on Wednesday Mar 3). Thank you.
- 01:46:32 - Reanna Bettencourt: - Thanks!

- 01:48:03 - Maureen Howard: - Some federal and state funding comes with use restrictions - the County provided a “map” of funding sources and we might ask the City to do the same. The City and County organize how federal money is managed differently so the “maps” won’t exactly match up.
- 01:48:08 - Danici Wellott: - sally, I live across the street. the J st. is still there
- 01:48:34 - Gerrit Nyland: - Above is the presentation currently being shared.
- 01:50:06 - Sally Perkins: - Thank you, Danici. Are there fewer tents now or has the group there been basically the same size over the winter?
- 01:50:48 - Danici Wellott: - same size. I run a homeless outreach program, and they have been the same. a few new tents as well
- 01:52:13 - Greg Walker: - Is there a date when this Strategy is projected to be complete?
- 01:52:18 - Maureen Howard: - Danici and anyone who does outreach and was not invited to the recent Homeless Outreach Team meeting, please let Kevin Glackin-Coley know and he’ll work with Valeri Knight to add you to the distribution list. This group meets biweekly.
- 01:52:20 - Theresa Power-Drutis: - Courtney: As long as we have land/housing speculation as our housing model, we will have people who cannot afford housing. Pretending the need is not growing and moving shelter dollars to permanent housing would be irresponsible until shelter is viewed as a human right and income inequality shifts in the right direction.
- 01:53:09 - Sherri Jensen: - Thanks Linda!
- 01:53:14 - Kevin Glackin-Coley: - Dancici and others who need it my email address is [kglackincoley@pchomeless.org](mailto:kglackincoley@pchomeless.org)
- 01:54:09 - Danici Wellott: - thank you.
- 01:54:28 - Danici Wellott: - my goal in the outreach is to provide mental health!! I’d love to get involved
- 01:55:25 - Danici Wellott: - thank you
- 01:55:28 - Gerrit Nyland: - The Coalition voted to lead an effort to end homelessness across Pierce County. The Pierce County Council is looking to have Pierce County Human Services take ownership of that plan. How will this strategy framework integrate with that County work?
- 01:55:51 - Kenny Coble (City of Tacoma): - Linda is correct, it's already in the Affordable Housing Action Strategy,
- 01:56:11 - Maureen Howard: - Who will operate the new large site?
- 01:56:52 - Theresa Power-Drutis: - We need sanctioned encampments
- 01:57:35 - Danici Wellott: - amen!!
- 01:58:25 - Kevin Parker: - Linda - Could you please share more details about the Hygiene stations and what that includes?
- 01:58:40 - Danici Wellott: - I saw complimentary funding is only 4%. is there a way to partner with private or state organizations to donate their mental health services?
- 01:58:59 - Gerrit Nyland: - How is client voice and provider expertise involved in the creation of the large sanctioned encampment. Were multiple smaller sanctioned encampments considered?
- 01:59:32 - Theresa Power-Drutis: - Important that there are several small encampments rather than one huge camp. Lots of evidence that small encampments are more likely to be integrated into the city
- 01:59:36 - Colin DeForrest: - Linda, I would be more than willing to help with any discussions, planning and design around this emergency work. I have many ideas, and, as you know, I have experience in this area.
- 01:59:43 - Kenny Coble (City of Tacoma): - Jeff Robinson is the Director of the Community and Economic Development Department at the City of Tacoma, which is where the Housing Division lives.
- 02:00:04 - Lisa LARSON: - GH/KP Suicide Prevention Coalition has funds available to help with mental health support
- 02:00:52 - Colin DeForrest: - [colin@i2-strategies.com](mailto:colin@i2-strategies.com)

<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

- 02:01:15 - Rosemary Powers: - Part of the strategy to end street homelessness should involve establishing sanctioned encampments where people can be safe and with hygiene. Without sanctioned, safe spaces, no number of hygiene stations at unsanctioned sites will help us end street homelessness (meaning literally on the streets and along neighborhood sidewalks, and in unsafe spaces)
- 02:01:58 - Jeffrey Boyce: - Smaller encampments work well, with minor support provided.
- 02:02:42 - Kenny Coble (City of Tacoma): - Who's Neil Young?
- 02:02:54 - Rob Huff - MDC (he/him): - Kenny...
- 02:03:31 - Janet Runbeck: - Allison Griffith's number? (Erica's replacement for the moment?)
- 02:04:24 - Kenny Coble (City of Tacoma): - Allyson's number: 253.576.5088
- 02:05:37 - Allyson Griffith: - You can continue to call 253-591-5015 that reaches me directly. My desk phone is 253-591-5119. When we fill the interim they will have the 253-591-5015 so best to continue with that in your address book.
- 02:06:07 - Kenny Coble (City of Tacoma): - Oh, hi. Allyson. Sorry. Didn't realize you were here and could speak for yourself. Hi!
- 02:06:12 - Sheila Miraflor: - What is Pierce County Human Services doing to ensure the rental assistance portal doesn't crash due to the volume of applications?
- 02:06:23 - Kevin Glackin-Coley: - Please consider adding this link to the Rental Assistance Portal to your email signature. Rental Assistance | Pierce County, WA - Official Website
- 02:06:39 - Maureen Howard: - Jeff - glad to know you are exploring some new options. thanks
