Thursday, March 31, 2022

10:00 a.m. - 11:15 a.m.

(This meeting will be recorded)

"Good conversations don't follow a script. Like a good song, they're full of surprises, improvisation, detours." That's what Barack Obama writes in his introduction to *Renegades: Born in the USA*, his collaboration with Bruce Springsteen.

We have an agenda but no script. It is for the four guests to take the conversation where it goes. The goal, the purpose, of this meeting is to expand the conversation about ending homelessness, and to listen to ideas that may further us along.

10:00 - 10:05 Welcome & Format (Richard Dorsett, Moderator)

Thank you to Rob Huff (Zoom guru, MDC Director of Communications and Advocacy)

00:30:34 - Sally Perkins: - My sense is that the City consistently low-balls the numbers. Increasingly not helpful.

00:31:08 - Cathy Pick-Tacoma Tenants Union: - Agree with Sally and Ed. The numbers do not add up.

00:31:24 - Sally Perkins: - There may be more tents in the 1000 block of South L...

00:32:15 - Kenneth King: - The numbers never add up. Its been this way since the mid 90s when I started this work.

00:33:34 - Sally Perkins: - And the CVS Committee wants to do their own numbers, rather than use the County's numbers...this numbers game needs to be addressed through strong advocacy, in my opinion.

00:34:35 - Stacey Soltoff: - agreed Sally

00:34:42 - Kenneth King: - And then KOMO puts out over count numbers, which then city and law enforcement quote, which then becomes seen as the official numbers, which are then bumped up again from the non-friendly groups.

Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - info@pchomeless.org

My wife Liz and I are heading off soon on a road trip to explore homelessness in California: San Diego, Los Angeles, Bakersfield, Fresno, San Francisco, Oakland, Stockton, and more. We plan to visit encampments, and will meet with advocates and outreach workers, programs, see what is working and what isn't. My question for you with the Coalition: do you have good contacts along the coast who would be good informants or resources in our southern states? Leads or suggestion? Questions about homelessness we might explore? Richard- dorsett.richard@gmail.com or 253-442-3045.

01:24:41 - Cynthia Stewart: - Thank you, Timothy!

01:25:04 - Kenneth King: - Stay safe Richard. give me a call when you get back.

01:25:05 - rosemary powers: - our main conversation emphasized the importance of getting the voices of those with lived experience out in the community—stories of the actual pathways to homelessness. The stereotyped assumptions continue to limit willingness to engage in providing real options. What Jay said about “capitalism not working “ for those on the streets is also true for the broader community, it just isn't recognized (a comment we didn't have time to explore together)

01:25:28 - Toroid Ryan: - We discussed implementing a farms market of sorts to engage both the community as well as the client. We are trying to think of a way to give the families a sense of pride as well as allow the community to be a significant part of the tiny home/homeless living community

01:25:32 - Jeffrey Boyce: - #10- Small sanctioned camps of 25-35 people, with amenities, and involving the communities where they are.

01:26:32 - Cathy Pick-Tacoma Tenants Union: - Breakout room 6 notes:

Observe to see where the disconnects and gaps are to where the engaged community members can be of greatest service.

We need a mindset shift regarding funding by what is truly needed and what is being offered. Legislative efforts move so slowly that the real needs go unmet.

Listen to where the unhoused are and how they got there. What is their next need? Who do they have to rely on for support? Family and extended family support?

An example of underservice is disabled and blind unhoused people being denied shelter because they aren't independent. This is a real need that needs to be addressed like yesterday.

01:28:17 - Galaxy S10: - Is that connected to Covid or not?

01:28:50 - Kenneth King: - My phone is blowing up. I will have to take off. Thank you all for allowing me in this space

01:29:52 - Timothy Harris: - Room 3 notes. “We have to all be ‘us.’” Need to approach people in neighborhoods as potential allies and meet them where they're at. Be humble and non-judgmental. Work to counter damaging stereotypes and focus on the issues people can relate to. It's all about partnerships, leveraging resources of community and being aware of weaknesses and strengths so these can balance each other out.

- 01:35:59 - Rob Huff (he/him): - Thank you, Caleb.
- 01:36:04 - Jay Worley: - Thank you Caleb
- 01:37:19 - Lavada Kent-Napier: - if the Heal Team position reopen as contract work let Lavada Kent-Napier be informed.
- 01:37:47 - Dana Peregrine: - Such great ideas and wisdom in Room 2. Thanks for the conversation!
Conversation included: -- Must do the slow, slogging work of bias-awareness and bias-breaking, of sharing how the houseless feel and how we are all a part of the reasons and the solution. -- Must also include the history of homelessness in Tacoma, for example, Skid Row is a Tacoma phrase, and in dealing with homelessness today we are repeating much of what was done in the 1990's. -- Must be radically welcoming and build trust. This is the way to reach those unhoused, as it is the way to reach each and every one of us. -- Zoning! and where housing can be placed. Need advocacy for zoning changes in all Pierce County. People have right to live in the community in which they became homeless - - Also came up the vital and needed work to bring all the cities of Pierce County into the work of solving homelessness, for example, being a part of the Comprehensive Plan. In many areas of Pierce County, "Pierce County" is seen as Tacoma.
- 01:38:14 - Sally Perkins: - Thank you, Jennie, as always, very informative!
- 01:39:38 - Theresa Power-Drutis: - Room 8: 1) Asking neighborhoods to suddenly adapt to "hosting" campsites should not be necessary because there we've had (as a city and as a county) plenty of notice this crisis was coming (decades), that the crisis is here (emergency declaration) and that we need safe lots and urban campground (Coalition Summits & SS4A). BUT, because we did not plan well ... 2) County and city can respond automatically when a certain # of unhoused neighbors are present instead of waiting for neighbors to beg for or demand services such as garbage collection, hygiene facilities, other health and safety support, outreach workers. 3) Increase community outreach to promote understanding and collaboration - lived experience testimony is critical for this effort. 4) Instead of enforcing codes that don't allow camping, find a way to offer financial incentives for property owners who will allow people to camp on their property (even when this is just for 1-2 tents/cars). 5) Offer unhoused people employment cleaning up areas
- 01:40:37 - Jennie Schoeppe: - The Naloxone (Narcan) screening station at TPCHD is at 3629 S. D St. (98408, open 5a-1130a M-F. I believe this is open to anyone, but I will find out more about this and bring that info the next meeting (or email folks). Also, can email doh for Naloxone resources:
naloxoneprogram@doh.wa.gov
- 01:41:21 - Theresa Power-Drutis: - Room 8 folk - please add anything I missed or any other ideas you have
- 01:42:33 - Jennie Schoeppe: - Here is our data page, it is updated 3 times per week:
<https://www.tpchd.org/healthy-people/diseases/covid-19/pierce-county-cases>
- 01:42:55 - Sally Perkins: - Room 4 I think. We prioritized educational events in neighborhoods, using role plays and the voices/presence of people with lived experience. To get people to engage with the actual realities of homelessness as a way to build empathy and support. Much would need to be done to make this a reality.

- 01:44:59 - Jennie Schoeppe: - I took so many notes. I had so many thoughts and feelings listening to the CVS meeting!
- 01:45:50 - Stacey Soltoff: - @Jennie I'm sorry I had to miss it! will definitely try & watch the recording
- 01:46:20 - Jennie Schoeppe: - Please email me w/ questions, feedback: JSchoeppe@tpchd.org
- 01:46:35 - Gerrit Nyland: - Page 15 of the attached plan has the approach the County uses to estimate the current population of people experiencing homelessness. Always open to input on how to improve the method of counting people experiencing homelessness.
- 01:47:02 - rosemary powers: - Yes Sally. very important perspective
- 01:47:46 - Jay Worley: - Gerrit. Another issue with the count is people not wanting to be counted
- 01:48:03 - Jay Worley: - there are people that feel in danger by being counted
- 01:48:21 - Gerrit Nyland: - Yep - lots of challenges to getting a good count of people experiencing homelessness. People not wanted to be found or counted is a big one.
- 01:48:41 - Jay Worley: - Finding a way to
- 01:49:30 - Jay Worley: - communicate that it can help them and that it isn't a (tracking) thing but assistance
- 01:49:31 - Jennie Schoeppe: - I thought there was a tension between their work to figure out "how we can make a ban okay?" (i.e. what metrics for shelter capacity would warrant a ban not going against Boise decision), AND whether they think a ban is EVER OK.
- 01:49:37 - Theresa Power-Drutis: - Gerrit - at least you've set a higher bar for estimating the count - thanks!
- 01:51:06 - Rob Huff (he/him): - This is about us. Us.
- 01:51:27 - Sally Perkins: - CVS was pretty clear that they don't want punitive measures. I think they have a big challenge to explain their current position to the people who expect action to "remove" unhoused people.
- 01:51:39 - Jennie Schoeppe: - Agree, Sally.
- 01:51:57 - Rob Huff (he/him): - I agree with that, Sally. There is an interesting policy conversation coming.
- 01:52:07 - Toroid Ryan: - How are we doing the counting of homeless families in Pierce County? Is there a way we can host events right outside the trail head of the large encampments that bring the families to us?
- 01:52:26 - Sally Perkins: - Which is why using the Emergency Declaration won't work as their framework.
- 01:53:06 - Jay Worley: - Toroid It is the PIT count a 48 hour window
- 01:53:27 - Sally Perkins: - I want to honor Ed for his willingness to speak up about what he sees really happening. Thank you, Ed.
- 01:54:06 - Rob Huff (he/him): - Yes, this is important information that we were not aware of before. Thank you, Ed.
- 01:54:30 - Laurie Davenport: - I agree, thank you Ed - this is so important to know.
- 01:54:47 - Cathy Pick-Tacoma Tenants Union: - Would Ed be willing to share this information with us? Please?
- 01:54:47 - Gerrit Nyland: - To estimate the number of people currently experiencing homelessness, we rely almost exclusively on our shared Homeless Management Information system. We do not rely very much on the Point in Time Count. That document I attached has the approach we use in nauseating detail.

- 01:59:33 - Gerrit Nyland: - I'll listen in to the CVS meeting, but at the County we are only interested in accurately counting the scale of the need. We'll make any alteration that improves our count. A much more important number than the count of people currently homeless is the number of people flowing into homelessness - currently well over 200 people a week start a new episode of homelessness. We have to design the system large enough serve all those people.
- 01:59:45 - Jay Worley: - Ed would it be ok to reach out to learn and help where i can
