00:20:17 - Rebekah Cantrell: - Good Morning everyone. Home with a sick little today so I'll just be listening in. Thanks for having me again.

00:20:39 - Rob Huff (he/him): - Zoom Norms
Mute yourself when not talking.

Use Zoom's raise hand feature if you have something to say.

Limit distractions by turning off your camera if you need to take another call.

00:20:55 - Rob Huff (he/him): - Community Norms

Lead with a racial equity lens.

Be aware of power dynamics.

Challenge concepts, not people.

Listen to learn.

One person speaks at a time.

Speak from your own experience.

Make space, take space.

Assume best intentions and take responsibility for impact.

Be aware of time and agenda.

- 00:29:44 - Rebekah Cantrell: - <https://www.king5.com/article/news/health/opioid-treatment-providers-increased-demand-fentanyl-king-county/281-bafad6b7-69d6-4841-8148-986bcc28eee7>
- 00:29:52 - Lavada Kent-Napier: - how many houses the city of tacoma placed on blink list that can be recovered for supportive housing for people less than 27000 per year
- 00:29:58 - Rob Huff (he/him): - Great to see you here, Po!
- 00:29:59 - Rebekah Cantrell: - here is an interview I just did on King 5
- 00:30:26 - Lavada Kent-Napier: - I should have been dead 20 years ago
- 00:30:38 - Kenneth King - Recovery Navigator Program (he/him/ser): - Thank you Rebekah, I opened it to watch after.
- 00:31:03 - Lavada Kent-Napier: - I will be 70
- 00:31:04 - Theresa Power-Drutis: - Anyone else noticing how everyone is being "swept" into smaller and smaller geographic areas within our poorest neighborhoods? Just say NO to containment zones as a solution to homelessness!
- 00:31:38 - Rebekah Cantrell: - More then welcome!
- 00:32:06 - Kenneth King - Recovery Navigator Program (he/him/ser): - That cooling station list I added last meeting, I made the calls to find all but three of those locations, because city and county did not work ahead of the problem.
- 00:32:29 - Lavada Kent-Napier: - water drop off 20 gallons to single camper
- 00:33:17 - Sally Perkins: - Kenneth, that is exactly what I mean. about "inadequate" public sector response.
- 00:33:51 - Kenneth King - Recovery Navigator Program (he/him/ser): - And how they respond to being targeted by groups simply because of their RV
- 00:34:26 - Lavada Kent-Napier: - the quality of temp shelter is where predators scam homeless people.
- 00:34:32 - Kenneth King - Recovery Navigator Program (he/him/ser): - Sally, that's why we are here. Taking a large seat at the public sector table
- 00:35:12 - Lavada Kent-Napier: - some homeless people gathering to barter for food money and gas
- 00:35:15 - Courtney Love LEC she/her: - There's an Honorably Discharged vet under 11th, who would like to move his RV to the Vet camp on 84th, he says he's sober - needs a hernia surgery and NM is holding up his driver's license, otherwise could work as a mechanic.
- 00:35:38 - Sally Perkins: - And by crowding people into smaller and smaller spaces, we are increasing the chance of conflict and problems.
- 00:35:46 - Kenneth King - Recovery Navigator Program (he/him/ser): - Courtney, we just added a Vet benefit specialist to our team
- 00:36:02 - Theresa Power-Drutis: - Kudos to everyone doing water outreach - you are making a difference! That promised county level organizing is critical though if we are going to be truly effective and efficient.
- 00:36:31 - Kenneth King - Recovery Navigator Program (he/him/ser): - Sally, it also locks off routes of assistance and emergency response
- 00:37:10 - Lavada Kent-Napier: - certification go cook for homeless people is 470 bucks per event plus the expenses for food and certification food handlers expenses
- 00:37:38 - Jeffrey Boyce: - Courtney, there is room for that Vet with his RV along 82nd next to the Veterans Village.
- 00:38:05 - Christine Lindquist: - Way to go, Jan!
- 00:38:08 - Courtney Love LEC she/her: - People at 7th & Tacoma says G St got a sweep notice, but we didn't confirm it.
- 00:38:11 - Jennie Schoeppe: - YAY for Jan and team!! She really does a great job.

- 00:38:23 - Bill Kirlin-Hackett: - my info pre-presentation, Bill Kirlin-Hackett, itfh@comcast.net, 425-442-5418
- 00:38:38 - Courtney Love LEC she/her: - Thank you, Jeffrey - wasn't sure that could work out.
- 00:38:49 - Po Leapai, he/him, Housing Alliance: - Thanks for sharing and thank you for your work, everyone. It's absolutely heart-breaking, what we are seeing..
- 00:39:29 - Lavada Kent-Napier: - population control between social and rich network some have assess
- 00:39:54 - Dara Bardelas: - Hi Ash!!! omg!!!! its nice seeing you here!
- 00:48:25 - PATRICIA .: - @presenters - curious regarding STEP hotel stays... how are they for Monitoring for reprieve, and not for current lifestyle ?
- 00:49:34 - Gerald Daniels: - Great presentation. Sorry, I'm stepping away for a few minutes.

ashleyb@hopesacpc.org
- 00:51:31 - Zev Cook: - I do
- 00:51:53 - Zev Cook: - their shelter options all have long waitlists :(
- 00:52:02 - Theresa Power-Drutis: - Hard to find a space for DV survivors - even using every current resource
- 00:52:17 - Nick Turner: - I don't I would like to have that number
- 00:52:58 - Kathleen Edelheit: - DV survivors can reach out to Tacomaprobono if they are having problems breaking leases. Tacomaprobono.org
- 00:53:17 - Ash Powers (they/them) Rebuilding Hope: - Ash Powers (they/them/theirs), 253-988-2464, ash@hopesacpc.org
- 00:53:18 - Lavada Kent-Napier: - Sunday is the most dangerous day for human trafficking people trying to leave out of victimism
- 00:53:18 - Theresa Power-Drutis: - Is Home in Tacoma for all going to present today? Ty said he needs to leave at 9:45
- 00:53:31 - Courtney Love LEC she/her: - thank you Theresa!
- 00:54:44 - Ash Powers (they/them) Rebuilding Hope: - Kenneth, we are able to work with folks who need a hotel and have pets! As far as our space, we have an elevator that leads up to our floor and folks can have a conversation with our therapists and advocates about bringing a pet into their sessions
- 00:55:18 - Kenneth King - Recovery Navigator Program (he/him/ser): - Ash, Thank you. That has been one of our largest hurdles on this subject
- 00:56:19 - Ash Powers (they/them) Rebuilding Hope: - Referral: have clients call our 24/7 hotline (253-474-7273) or call with clients. Our advocates are trained to sign folks up for therapy, connect folks with program contacts and offer other community resources
- 00:56:56 - Ash Powers (they/them) Rebuilding Hope: - Of course Kenneth! I know pets are important for folks and offer them really important companionship and comfort
- 00:59:22 - Rob Huff (he/him): - We are experiencing the same thing here in Tacoma
- 01:00:48 - Jay Worley: - yes.
- 01:01:18 - Jay Worley: - not enough time. not enough resources, incredible barriers.
- 01:02:20 - Po Leapai, he/him, Housing Alliance: - Barriers upon barriers. ^^

Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - info@pchomeless.org

- 01:02:54 - Rob Huff (he/him): - We need pathways to housing and hope, not barriers
- 01:03:10 - Theresa Power-Drutis: - We need long term publicly funded RV parks, not the street of poor neighborhoods
- 01:03:23 - Jay Worley: - we need laws and insensitive to use empty housing for homeless
- 01:04:41 - Theresa Power-Drutis: - True Jay - there is always talk of incentivizing housing developers. Would love to see incentives for using unoccupied housing
- 01:04:53 - Jay Worley: - empty structures used for human service and assisting. if people had incentive to fill the empty property's in different ways then we could take thousands of RV and camping into warehouse
- 01:05:10 - Rob Huff (he/him): - Thank you, Timothy! That is next!
- 01:05:16 - Jay Worley: - insensitive
- 01:05:28 - Christine Lindquist: - Unoccupied commercial real estate is ripe for redevelopment into housing.
- 01:05:29 - Kenneth King (he/him/ser): - Before the safe rv lots Seattle programs, street parking included having to move periodically, creating a natural dampening to high impact camping.
- 01:05:50 - Ty Moore, Home in Tacoma for All: - I have to step out for a work meeting. Rob suggested I come back next week to present on Home in Tacoma for All's organizing work, which I'm excited to share with you all! In the meantime, please take a moment to check out our Platform of demands on City Council and sign the petition: <https://actionnetwork.org/petitions/home-in-tacoma-for-all-platform/>
- 01:06:10 - Davina Schwab: - Absolutely!
- 01:06:24 - Jay Worley: - thank you Ty
- 01:06:28 - Po Leapai, he/him, Housing Alliance: - thank you Ty!
- 01:06:38 - Rob Huff (he/him): - See you next week, Ty!
- 01:08:26 - Jay Worley: - In Tacoma they just put blocks in taking away miles of right of way to remove RV
- 01:08:26 - Zev Cook: - the law only gets enforced against the poor
- 01:08:28 - Kenneth King (he/him/ser): - Love off script ranting. Always want to hear it
- 01:10:07 - Jay Worley: - Caleb where do we get the purple bags for Pierce
- 01:10:36 - Jay Worley: - that has drastically changed since the PIT in Pierce
- 01:10:43 - Rob Huff (he/him): - The Purple Bag project is a City of Tacoma project. I am not currently aware of a similar offer in Pierce County.
- 01:11:16 - Jay Worley: - for Tacoma forgive me
- 01:11:21 - Janet Runbeck: - Dr. Pruss, UW professor, did a massive King Co. study in 2019. 50% of those who are unsheltered are staying in their vehicles.
- 01:13:09 - Valeri Almony: - Every County does PIT Counts differently and always will be
- 01:13:27 - Ash Powers (they/them) Rebuilding Hope: - From our STEP Program case manager: "They do not have to be out of sex work for us to help with a hotel stay. We don't require anyone to be out of the sex trade for any of the services we provide. And yes, we can help with hotel stays for people fleeing DV or sex trafficking. They just have to be eligible for our services in order for us to assist them, so in other words, they have to be a confirmed trafficking victim or a vulnerable youth who may become involved."
- 01:13:27 - Po Leapai, he/him, Housing Alliance: - Thank you for sharing, Bill!
- 01:14:36 - Christine Lindquist: - Very informative, Bill. Thank you.
- 01:14:45 - Ash Powers (they/them) Rebuilding Hope: - I have to head out for another meeting but thanks everyone and feel free to reach out!
- 01:14:49 - Lavada Kent-Napier: - concept for camper resort development estate in Yelm project

- 01:15:47 - Caleb Carbone, City of Tacoma: -
https://www.cityoftacoma.org/government/city_departments/neighborhood_and_community_services/homelessness_services/city_authorized_emergency_shelter_sites
- 01:16:26 - Theresa Power-Drutis: - What will be the cost per night per person?
- 01:17:25 - Courtney Love LEC she/her: - catching up on chat - we need to apply vacancy taxes, expropriate vacant properties (at market rate prices) and ban corporations from owning housing.
- 01:18:32 - Kenneth King (he/him/ser): - Courtney, agreed. Plus enforcing existing fees and fines for derelict properties, that can be off set by community use
- 01:18:57 - Theresa Power-Drutis: - Yes Courtney!
- 01:19:32 - Lavada Kent-Napier: - Caleb Carbone how is city prevention gun use in public business space. gun shot into business window?
- 01:21:44 - Jennie Schoeppe: - Jay, I was told a couple weeks ago to reach out to Laurel with the City's HEAT team directly about Purple Bag Program. Perhaps she can help answer questions:
LMHoward@cityoftacoma.org
- 01:21:44 - Lavada Kent-Napier: - how is the city developing relationship to build spaces for non vet use. 14 in one sit cottage community is well documented has long term housing development
- 01:22:05 - Lavada Kent-Napier: - 14 is the magic number
- 01:22:20 - Jay Worley: - thank you Jennie
- 01:22:26 - Ed Jacobs: - Camps should be limited to 30-35 max
- 01:22:59 - Lavada Kent-Napier: - 50 too much just like apartment high rise
- 01:23:32 - Lavada Kent-Napier: - 30 is pushing the elements of temp shelter
- 01:23:50 - Kenneth King (he/him/ser): - We cant compare an established grid model camp, to natural self directed camps.
- 01:24:24 - Theresa Power-Drutis: - Caleb - it is always good to have you here. We never plan to shoot the messenger, but it must be difficult to come to this group when you have upcoming sweeps to report. More transparency around how decisions about when, where, and how sweeps take place would help us to understand and respond. Thank you!
- 01:24:24 - Jeffrey Boyce: - Yes Kenneth you can
- 01:26:00 - Kenneth King (he/him/ser): - If we do, we limit resources based off biased expectation. While I admit that so far, examples have not been promising, especially at 100. But we cant keep pretending that we aren't all fighting over the same 6 available beds each week
- 01:26:01 - Betty Beer: - I am not sure where to bring up a concern but I will start here. LASA has a 3 bedroom unit that I have been working with a family of 8, I just heard from the housing authority that because Tacoma has a overcrowding rule this family is too big for said unit. the unit is 1400 square feet. where in the world would a family of 8 find/afford a 4 bedroom. I am thoroughly angry.
- 01:27:32 - Sally Perkins: - A single temp trigger point will not work.
- 01:27:35 - Jay Worley: - Caleb. I know I growl really hard but I do appreciate you took this job to help despite what we see and don't. Thank you for being here.
- 01:27:48 - Davina Schwab: - thanks all - i have to hop off the meeting now
- 01:28:41 - Janet Runbeck: - We need agreement on the definition of "inclement weather"
- 01:31:14 - Courtney Love LEC she/her: - then change the process - it's costing lives!
- 01:32:30 - Theresa Power-Drutis: - Betty - the overcrowding rules are in place due to outdated NIMBY pressure and policies. Sounds like they would prefer that a family of 8 crowd into a car if they cannot afford a middle-class housing option. Cruel and unusual punishment for being poor.

Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - info@pchomeless.org

- 01:32:40 - Sally Perkins: - What are the County's time frames to issue permits to developers? The Executive prioritized speeding this process up for the construction side of the house...should be similar fast track payment timelines for service providers.
- 01:34:01 - Rosemary Powers: - The transition in contracting processes may be really important, but we need some creative processes that treat the emergency in mitigating the horrendous conditions of homelessness.
- 01:35:24 - Rob Huff (he/him): - Nonprofits sometimes continue to provide services before a contract is signed because providing those services is so critical to those who are homeless in our community. I hope we can find a way to expedite this process.
- 01:40:52 - Courtney Love LEC she/her: - face condoms for the win
- 01:41:11 - Rob Huff (he/him): - Thank you for reminding us and keeping our community safe, Jennie!
- 01:41:41 - Jay Worley: - how many boosters have been approved. many people that I know are in there second booster.
- 01:43:06 - Theresa Power-Drutis: - New learning from yesterday: do not assume that everyone in your dental office is fully vaccinated. You have to put in your chart that you only want fully vaccinated people in the room when your mouth is being worked on.
- 01:43:19 - Jay Worley: - thanks
- 01:43:59 - Po Leapai, he/him, Housing Alliance: - Thanks for that info, Jennie!
- 01:44:07 - Christine Lindquist: - Thank you, Jennie!
- 01:44:51 - PATRICIA .: - @Jennie > you are awesome !!! thank you for always keeping us updated

- 01:48:51 - Jennie Schoeppe: - Finally, I absolutely LOVE Dr. Jetelina "Your Local Epidemiologist." You can sign up for free access to her substack blog if you're interested in data but in a fairly accessible way:
https://yourlocalepidemiologist.substack.com/?utm_source=substack&utm_medium=email
- 01:49:48 - Jay Worley: - Thank you Jennie.
- 01:50:31 - Theresa Power-Drutis: - Timothy - love the "cry of despair" comment
- 01:50:43 - Courtney Love LEC she/her: - I just tried to order USPS tests and it didn't register my name and address - had generic info on the confirmation page...
- 02:03:41 - Bill Kirlin-Hackett: - reached my time limit,..best to you all; stay in touch
- 02:04:16 - Richard Dorsett: - On YouTube I recommend to all Steve Goodman's "Lincoln Park Pirates." A tale of towing...
- 02:04:28 - Janet Runbeck: - Rm #5. In order to better serve folks living in vehicles, take care of yourself and your staff first. Burn-out affects the quality of our response.

Homeless – Living in a Vehicle Survival Guide
<http://empowerus.info/homeless-with-vehicle>

02:04:36 - Serena Thomson: - Team 11 Develop KOA type places in the county. Extend areas beyond Tacoma and the south side. Campsites/ resort like with hookups etc. Yurt / teepee like homes

02:06:12 - Lavada Kent-Napier: - description of sweep is what our land fields are like. we sweep from one poor community to another and cover it up it comes up ever ten years in housing as a crisis and methane gas kills and so do we kill families when keep doing the same thing expecting a different outcome.

02:06:12 - Jeffrey Boyce: - #11 Helping churches to utilize their parking lots for cars, Rv's, and tents.

02:06:38 - Verna Lilly: - Room 10 - Funding up front so non-profits don't have to carry the cost of outreach while they wait to be reimbursed. Have people with lived experience help inform contracts so the contract gets closer to meeting the need.

02:06:41 - Jennie Schoeppe: - ROOM 6: Our main idea we brainstormed about was -- what if we had a group of volunteers we could call on to help repair vehicles, RVs, and/or teach folks to do basic work on vehicles themselves? Possible partners: Educational groups that have automotive education (e.g. Bates), Auto workers unions or associations, faith based groups, volunteers from PC Transit or other similar agencies, etc. Dana said that she thought TRM had a small shop many years ago but not sure what the fate of that was. Are there funds like workforce funds that could support a program like this?

02:06:42 - Rob Huff (he/him): - The Coalition welcomes diverse perspectives and actions. Participants act as individuals and groups and may invite others to join them. We speak with one voice when positions and actions are affirmed through majority vote at a weekly general Coalition meeting.

02:07:37 - Richard Dorsett: - All invited to witness next Wednesday's sweep at 7th and Tacoma. About 9:30, c'mon out. I'm inviting county and city Council members and you too. Come for coffee, stay for a donut.

02:07:45 - Timothy Harris: - Room 2: People need assistance withers, repairs, etc when they need to move, Maybe organize volunteers who have skills to help with repairs, create a pool of folks to draw on for this. RV parks that are accessible and have hookups are another resource. Oriole can also help with cosmetic repairs that make RVs less threatening to neighbors. Maybe arts funding to brighten up RVs. Could use a list of how to prepare for moving into a vehicle. Reminder that people in %V's need a lot of the same things people in tents do, including cold water. Think about how we can reduce the losses people face when their RV or car is impounded. support for septic cleanup and water refill.

02:07:59 - Kenneth King (he/him/ser): - Richard, 930 am?

02:08:23 - Dana Peterson: - I remember it was Need a Break program for car repair

02:08:28 - Raquel Sager: - Room 3:

Ultimately more funding:

Get rid of graffiti because people use it as a way to communicate where the drugs are and how to get them.

Single persons without kids or a medical issue are on the low end of receiving services. Need to serve more than just people with a medical diagnosis or people with children.

We need a safe place for people
To lodge motor homes or
Vehicles.

02:08:43 - Jennie Schoeppe: - Thanks for adding that for ROOM 6, Dana!

02:08:55 - Lavada Kent-Napier: - provide a definition of recreational vehicle

02:09:30 - Courtney Love LEC she/her: - Gerald, Dana, Adam - I don't remember our group number... please add anything I miss

ensure safety and security, expropriate vacant lots and buildings, apply vacancy taxes, safe parking sites with hygiene and kitchen facilities, contracts mitigating property owners' risk of allowing sanctioned encampments, vehicle repair partners, publicly funded elections - as electeds do as their donors decree.

02:10:22 - April Sanderson: - Group 8 notes: Safe parking areas. An easy to access "How to live in your car" document (online/outreach). Provide information about how to get kids in school, emergency help, food access. Ask households who have been living in their car "what do you know now that you didn't know when you first started living in your vehicle?" Providing notebook/pen & a waterproof pouch to store imp. items - ID, SS cards, birth certs, etc. (things you need on you if your car gets taken). We spoke about people who leave their vehicle to shower, or get basic needs & return to their location & their home had been impounded, which puts them in an even tougher situation.

02:10:32 - Theresa Power-Drutis: - Monique :)

02:10:34 - Jennie Schoeppe: - Monique Brown at FOB

02:10:45 - Alan Brown CCS: - Group 1: To better serve people living in vehicles - Train outreach workers regarding some best practices on connecting with vehicle-living communities. For example, doing outreach at the best time of day, connecting with the community leader(s). Also - Researching successful models of managed safe parking lots for RVs. (Look at Santa Barbara Safe Parking procedures manual - Does anyone have this?) Finally: Is there a legal angle to prevent towing of lived-in vehicles that Tacoma ProBono can assist with?
