00:26:04 - Richard Dorsett: - Down and Out in Tacoma (July 20, 2020)

Some days it's surprising how quickly we can visit about ten encampments, checking on people and getting the news. The sweep underway at 7th & Tacoma looks to be about half completed and will resume tomorrow. Under the 11th Street Bridge, upwards of 25 vehicles remain, but the move continues. Not likely to take much longer. Only a few vehicles linger on Milwaukee Ave, but lots of garbage still needs to be collected. NIMBY blocks are the main feature now, and some vehicles have moved about half a mile. At TRM along South Tacoma Way, it's a mess, but nobody seems to care. There are no businesses nor houses nearby. And on it goes. At 15th and Yakima, the encampment had shrunk to three or four tents, now it's back up to 15-20. Fifteenth and G and along Alzheimer are larger, and fires and a gunshot will likely get them swept soon. Singles out everywhere, and some from today's sweep are searching for spaces. Hot weather is coming soon, so the water we have will be welcome.

00:27:26 - Rebekah Cantrell: - I would love to be apart of this. Can I please get more info

00:27:29 - Rebekah Cantrell: - thank you

00:28:38 - Jay Worley: - Rebekah Please email courtney@wearelec.org

00:28:49 - Rebekah Cantrell: - GREAT!

00:30:01 - Theresa Power-Drutis: - I'm still trying to move the dial on that G street mural campsite sweep (13-15th on G). Not getting much traction

00:30:16 - Theresa Power-Drutis: - Happy to hear ideas

- 00:30:28 - Lavada Kent-Napier: - nimbly blocks contractor maybe 300,000 bucks from homelessness business owner themselves.
- 00:30:44 - Sally Perkins: - Theresa, when you sat "move the dial" what does that mean?

- 00:34:06 - Rob Huff (he/him): - It was the longest URL I could find...
- 00:34:37 - Courtney Love LEC she/her: - The Lived Experience Coalition was involved in Home In Tacoma For All platform - we fully support it and ask that the coalition, individuals, and their organizations support it also.
- 00:36:10 - Theresa Power-Drutis: - Sally: We've advocated for partial "site hardening" that would allow a limited number of campsites while reducing the chaos. St Leo was considering that option until they heard about the sweep at 9th and Tacoma. For whatever reason, that sweep was a "bridge too far." Now they're asking for bids on boulders as a "solution."
- 00:37:31 - Zev Cook: - Instagram + Twitter: @tacoma4all Facebook: Home in Tacoma For All
- 00:37:45 - Jay Worley: - Theresa im kinda looking at a dont sweep till you finish the new stability site. there working on it but could take the money from the sweeps and put it into the sites.
- 00:40:10 - Rob Huff (he/him): - That is similar to the initiative in Seattle to create a social housing entity with funding
- 00:40:47 - Sally Perkins: - Peace Lutheran is also working on affordable rental housing and preventing displacement of Hilltop families, especially Black families.
- 00:41:35 - Sally Perkins: - Brendan Nelson is leading this work at Peace Lutheran.

- 00:42:35 - Rebekah Cantrell: - As a single mama of 3 children this is close to home
- 00:43:08 - Rosemary Powers: - To Zev's and Jay's point, the most recent stats are that every \$100 of increase in rents leads to a 9% increase in homelessness.
- 00:43:11 - Courtney Love LEC she/her: - Seattle Social Housing Initiative I-135 - the LEC helped develop that, as well - before my time with the LEC.
- 00:43:41 - Zev Cook: - I had coworkers at CLR on the homeless outreach team that are on the verge of homelessness because of rent increases.
- 00:43:53 - Rob Huff (he/him): - Thank you, Rosemary. I was thinking of that exact statistic.
- 00:44:20 - Po Leapai, he/him, Housing Alliance: - Thank you for sharing and for your work, Ty and Zev!
- 00:45:55 - Christine Lindquist: - Ad hoc!
- 00:45:58 - Courtney Love LEC she/her: - Thank you Ty and Zev - and all providers should be making a living wage! (It's almost like their jobs should be public sector, union jobs.)

- 00:46:09 - Theresa Power-Drutis: - Jay- I agree. It is just tough to make the case that sweeps are pointless to neighbors who are absorbing the brunt of the social costs of decades policies and practices that led us to a predictable "emergency." Whether at 7th and Tacoma Ave (where neighbors are seeped in misinformation) or even here at the Mural Camp (where neighbors have traditionally been supportive of campers and people in vehicle homes). Feeling a little disheartened.
- 00:46:50 - Zev Cook: - If you're interested in learning more about the Home in Tacoma for all campaign and how to get involved we're having a community meeting at 7pm on Monday 7/25 at 311 Puyallup Ave. (that info can also be found on our social media)
- 00:47:23 - Jennie Schoeppe-Tacoma Pierce County Health Dept.: - hello all, is there anyone from TPL, PC Libraries, or Key Pen Civic Center on the call right now? If so, please private message me re; masks at cooling centers.
- 00:50:15 - Jay Worley: - I do see it. when i have been at encampments i can see the faces from the other sweeps. And i can see and feel the way the city hurts for it. People are upset also after an incident at g street and 13-15. No one from 7th and tacoma went to g and 13th-15th
- 00:52:22 - Sara Irish: - Could you please share this presentation?
- 00:54:31 - Rob Huff (he/him): - Pallet shelters are currently around \$10k as well, as another example, so maybe slightly less than a microshelter
- 00:58:03 - Jay Worley: - Wouldn't it be better to add services into the project then make them a visiting services?
- 00:58:26 - Courtney Love LEC she/her: - agree, Jay
- 00:59:31 - Janet Runbeck: - Any data on per night costs of Safe Parking sites?
- 00:59:52 - Jay Worley: - thank you Gerrit
- 01:00:35 - Sally Perkins: - Can you footnote the options that rely on available housing in the community? Seems to me like that availability is a bottleneck...
- 01:00:38 - Rob Huff (he/him): - You can find more about types of shelter and their costs in the Pierce County Comprehensive Plan to End Homelessness, here:  
<https://www.piercecountywa.gov/7309/Comprehensive-Plan-to-End-Homelessness>
- 01:00:56 - Courtney Love LEC she/her: - WaLEC chatter leans towards micro homes, over tiny homes - I think, and we get negative feedback about LIHI management. I mention it to help shape any plans moving forward and get the consideration in on the "ground floor."
- 01:01:28 - Courtney Love LEC she/her: - \*I think... the difference is water in each unit
- 01:04:26 - Jennie Schoeppe-Tacoma Pierce County Health Dept.: - having trouble downloading GN's presentation. Rob, can you share to list serve after meeting?
- 01:05:05 - Rob Huff (he/him): - Yes, I can do that, Jennie.
- 01:05:26 - Rob Huff (he/him): - Single-room occupancy housing
- 01:05:37 - Nick Turner: - So no night staff? 24/7 security would be beneficial this is coming from a Tiny home manager
- 01:06:18 - Christine Lindquist: - Great title, though!
- 01:06:18 - Sally Perkins: - Courtney, differences between tiny homes and micro homes?
- 01:06:50 - Theresa Power-Drutis: - Gerrit: this presentation is exactly what I was hoping for - so it may be my fault that there is a difference between this and Rob's expectation.
- 01:07:07 - Rob Huff (he/him): - Or I am just confused, which is very possible.
- 01:07:09 - christina feeder: - Is the next social networking hour going to be 8/4 at 7 seas ?
- 01:07:09 - Theresa Power-Drutis: - Also what is the cost projection for the new site on Pac ave?
- 01:07:23 - Jay Worley: - i Agree Courtney
- 01:07:29 - Rob Huff (he/him): - I have not seen that yet, Theresa

- 01:08:22 - Po Leapai, he/him, Housing Alliance: - My name is Po Leapai. I am the Advocacy Organizer at the Washington Low Income Housing Alliance and I come with lived experience. At the Housing Alliance, I am tasked with bringing 'impacted stories' to the attention of lawmakers in hopes of influencing policy/legislation that support affordable housing, tenant protections and homelessness prevention. Please reach out if you'd like to bring your stories to our states 2023 Legislative Session. Between now and then, we engage in relevant webinars, town halls, and anywhere we can share our stories to help bring awareness. We believe, "we are impacted to be impactful". - 01:09:59 - Courtney Love LEC she/her: - Sally, I'm still learning, but each unit is more self-contained - water for sure, bathroom, maybe a kitchenette
- 01:10:15 - Sally Perkins: - Courtney, thank you.
- 01:14:09 - Janet Runbeck: - Our coalition has 2 copies of the safe parking manual.
- 01:14:29 - Jay Worley: - Po: could you possibly speak to [courtney@wearelec.org](mailto:courtney@wearelec.org) about possibly coming to a LEC meeting. It would be great to see you there.
- 01:14:51 - Zev Cook: - they did it in Berlin
- 01:16:18 - Courtney Love LEC she/her: - Jay - Po and I exchanged contact info - thanks for follow through
- 01:16:27 - Rob Huff (he/him): - Hi Rob, I hope you see this message. I am in a meeting with our DEM planning for inclement weather next week. I am not able to attend this meeting this morning. We have scheduled morning briefings with street outreach and emergency shelter providers Monday - Thursday to address this issue. Meeting invite has been sent. If there is someone who didn't get the invite and wants to attend you can give them my email to request an invite. [jeff.rodgers@piercecountywa.gov](mailto:jeff.rodgers@piercecountywa.gov)
- 01:17:16 - Courtney Love LEC she/her: - Theresa - exactly, Sally, you're welcome!
- 01:18:17 - Theresa Power-Drutis: - RE: Safe Parking Manual from Santa Barbara: I had 2 copies to loan out (1 contributed from Rosemary and one from Jan) Loaned them both out but only got one back. So, I can loan the remaining book out for 2 weeks at a time. I think Richard already asked to borrow the book; if so he is first in line. [tpdrutis@nctacom.org](mailto:tpdrutis@nctacom.org)

- 01:19:09 - Rob Huff (he/him): - Glad to see you here, Po!
- 01:19:14 - Courtney Love LEC she/her: - Someone in the LEC had a Safe Car Camping "manual" - they're trying to get us a copy.

Since sweeps conducted in response to 3-1-1- and 9-1-1 calls, people doing outreach should call these numbers and report distress that people are experiencing. It would also be great if people on the streets used these numbers to report their distress. This system is supposed to be for everyone.

More people in support of unhoused people need to show up at the sweeps, in solidarity. Having people at the last Wednesday was very positive. What if there were 100 or 200 of us there, showing copassion? This would be powerful. This could be a good way to bring other people who might not understand how sweeps work see first hand what's happening, and interact with homeless folks. Having the lived experience subcommittee members there is great, too.

01:43:45 - Lavada Kent-Napier: - the communication was disrespectful in room # 7 I could not hear any solutions in ten minutes

01:43:48 - LEE WILLIAMS: - Group 2

01:43:53 - Julie Hoffman: - Room 6:

- - Saw footage on Unicorn Riot in Minneapolis: there were anarchists who tried to physically stop the sweeps.

- - We need a strategy of escalation.
- - Physical sweep defense – joining together
- - Know Your Rights campaign (especially around property destruction)
- - Outreach to businesses reporting camps – doing mediation when possible (on certain issues: garbage, waste). Health dept team starting to talk about this.
- - Facilitating ongoing resources to camps (giant trash bags, sharps containers)
- - Purple bag program? Can coalition members assist with pick up?
- - Would the city give outreach groups free dumping? Could there be a voucher?
- - Advocating for safe spaces to go after sweeps – where can they go?
- - Can privileged people camp out in front of the mayor's house?? Activism!

## 1. What can the coalition do in relation to the sweeps?

Hard since the sweeps usually happen so fast and it's hard for us to get together and have a unified voice.

Individuals should contact local officials and government agencies to speak out against the sweeps.

Maybe everytime we know there is going to be a sweep we can alternate which agency can be at a local library to offer assistance/resource finding – like a disaster response. That way we share the responsibility and it doesn't fall to just once agency. Everybody doesn't know that they have certain rights – so like mini pop up workshops – can we get you a house tonight? But here is what you can know about resources.

Lakewood years ago closed a bunch of hotel/motels and LASA came up with a binder of what to do if they were being moved. It wasn't prevention – but it's intervention, how to provide a safety net. Like

01:44:10 - Rosemary Powers: - Room 4 ideas

01:45:24 - Serena Thomson: - Team 10 be proactive outreach . Navigate encampments early. Find housing first per individual. Keep partnering with Heal etc. Find safe parking if needed. or hotel programs. politically keep responding.

01:45:43 - Dana Peterson: - Rm 8 Get LOTS of people to show up at sweeps to show support for campers, get someone to Facebook Live a sweep

01:45:58 - LEE WILLIAMS: - Group 2. Find places publicly owned. Map out places where people could go and try to get toilet facilities there. Monitor sweeps planned and ensure occupants get maximum notice.

01:46:05 - Sally Perkins: - Community Vitality and Safety Comm 430 pm July 28 Thurs. agenda will likely go up Weds.

01:46:44 - Anna Baker - IPPC: - What is the purple bag program?

01:47:27 - Rob Huff (he/him): - The Purple Bag Program is a program of the City of Tacoma Environmental Services. Info is on the city website.

01:47:53 - Christine Lindquist: - Q: Is that driver Nourish is providing named Mike?

01:48:14 - PATRICIA .: - @Jan > can we align LEC to pick up water for Outreach?

01:48:22 - Jay Worley: -

# Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

Room 1: We discussed our sweep knowledge. Its impact on the community How we are all feeling we are trying our best but feel it is not the right solution. We discussed where people go from sweeps. As well as brought up that a few people did get to shelter.

01:48:35 - Lavada Kent-Napier: - is weather. condition part of natural disaster?

01:48:41 - Jay Worley: - Patricia please speak to our Lead Courtney

01:48:48 - Rob Huff (he/him): - Here is the hot weather web page I am maintaining:

<https://www.craft.do/s/f0GVFmAubX8YUg>

01:48:52 - Rosemary Powers: - Room 4 ideas—anger at continuing sweeps, with appreciation of at least having longer notice for action by the city. Awareness of importance of having strong outreach coordination to help people find possible relocation opportunities. Discussion of unsustainable situations such as the overcrowding and criminal activity at the G street mural site. need creative alternatives for small sites. Possible creation of map of public properties that might be less likely to be "swept" if only a few campers. Also tip sheet for people as they have to move on what might lessen chances of being seen as a site "needing" to be swept. Others may add details missed here.

01:48:55 - Timothy Harris: - Room5: big frustrations about the city and county's whack-a-mole approach that shifts the impact of unsheltered homelessness around without really solving any structural problems. Spoke of need to build alliances with affected property owners, and how many property owners are seeking long-term, solutions as well and are equally frustrated over the absence of real solutions. Our interests are perceived to be in opposition when they are not. A property owner in our group talked about how their family owns a lot and has spent about \$30K to mitigate impact of camping on their property, and are now facing legal sanction from the county, shifting blame to the property owners for not doing enough. Crazy.

01:49:25 - Laurie Davenport: - We are making a business card to connect people to extreme weather info on pchomeless.org;, should have it by next week:

<https://www.dropbox.com/s/7nxzctf9mvnyje0/extremeweatherbusinesscard.pdf?dl=0>

01:50:04 - Sally Perkins: - If Gerald is on this call, he could update what Brotherhood RISE is doing,,,

01:50:27 - Courtney Love LEC she/her: - TPU property is publicly owned...

01:50:32 - Anna Baker - IPPC: - VERY nicely done, Rosemary! THANK YOU!

01:51:35 - Theresa Power-Drutis: - Also from Group 2: Continue observing sweeps (like Richard has been doing) to report on the actual "services offered" and "services refused." Vote for city and county representatives who will end sweeps as the "solution" to homelessness. From Lev, "This is a political problem, not a social service problem. Without policy changes, there is not much we can do."

01:51:52 - Janet Runbeck: - Jan Runbeck = 253-370-3988

01:53:21 - Courtney Love LEC she/her: - Jeff - how will the unhoused know they get free rides?

01:54:47 - Richard Dorsett: - Room 3. Continue witnessing. Add photography to document this time.

01:56:07 - Janet Runbeck: - Invitation was for 9 am. Now 8 am on Monday?

01:56:16 - Jennie Schoeppe-Tacoma Pierce County Health Dept.: - I think its 9am, Jan.

01:58:58 - Sally Perkins: - my weather app shows at least 5 days of over 90 in the Hilltop next week. Even the Sunday forecast of 82 is likely to be more like 87, based on experience thus far...just FYI...

02:00:45 - Janet Runbeck: - And St Vincent De Paul on 56th

- 02:07:50 - Richard Dorsett: - Jan is shorter in person.
- 02:08:04 - Rob Huff (he/him): - I am just a floating head. No body.

- 02:08:25 - Theresa Power-Drutis: - Go Jan Go!
