Zoom link for 12/6 Human Services Committee Meeting: <https://piercecounywa.zoom.us/j/93033053935>.

The second meeting is Tuesday, 12/13 @ 3 PM where the council will take a final vote on 2022-81. While we only need 4 votes to pass the measure, it is essential that we get 5 votes to ensure a veto-proof majority. Strong, supportive testimony at both of these meetings will be key.

00:57:37 - Rosemary Powers: - Poem from today:

Mary Oliver

The Journey

One day you finally knew  
what you had to do, and began,  
though the voices around you  
kept shouting  
their bad advice --  
though the whole house  
began to tremble  
and you felt the old tug  
at your ankles.  
"Mend my life!"  
each voice cried.  
But you didn't stop.

You knew what you had to do,  
though the wind pried  
with its stiff fingers  
at the very foundations,

though their melancholy  
was terrible.

It was already late  
enough, and a wild night,  
and the road full of fallen  
branches and stones.  
But little by little,  
as you left their voice behind,  
the stars began to burn

# Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

through the sheets of clouds,  
and there was a new voice  
which you slowly  
recognized as your own,  
that kept you company  
as you strode deeper and deeper  
into the world,  
determined to do  
the only thing you could do --  
determined to save  
the only life that you could save.

00:58:10 - Christine Lindquist: - Thank you for the excellent summary, Timothy!

00:58:24 - Theresa Power-Drutis: - Other items that have been very welcome: zip lock bags and Tupperware style containers to keep important items/documents dry. Pens & notebooks. AND books when I ran the book-mo-cart

01:04:23 - Jennifer Ammons: - Where can I find the flyer Rosemary was sharing on the tax?

01:11:00 - Jennifer Ammons: - Sue! Sue! Sue!

01:11:10 - Timothy Harris: - class action!

01:11:18 - Jennifer Ammons: - But seriously, glad you're okay. Yikes!

01:11:35 - Stacey Soltoff: - who's responsible for sidewalk repairs? homeowner or city?

01:12:14 - Timothy Harris: - Call Boohoff!

01:15:39 - Jay Worley: - sorry I needed something completely different.

01:16:04 - Courtney Love: - Thank you Gabby!

01:17:31 - Jay Worley: - Hi Matthew Thank you for joining us.

01:17:46 - Joe Perva: - HI Matthew! Great to see you brother!

01:18:18 - Ivan Tudela: - Notes from our group: reviewed the tax proposal

We need this money to do any work. Provision that jurisdictions will get some credit back.

All for affordable housing.

There is a split in council. Dave Morrell is an ally in this.

We can't do it without a public/private partnership.

CoT - taking its tax success in to future budgeting and leveraging against funding availability.

Janet - CoL; community resources are stretched so thin.

Rosemary - County could fund and Cities can apply. Dave Morrell is excited about the Community First Village but unsure where ongoing funding come from.

Janet - is there an elevator speech for this?

Rosemary - we can't have a healthy community without addressing the needs of poor people.

Janet - example: buy \$25 of insulin prevents a \$25,000 emergency room visit. The cost of prevention is so much cheaper than picking up the pieces days and decades later.

Ivan - I would like to see more mental health and behavioral health programs tied to housing projects.

01:18:19 - Matthew Jorgensen: -

<https://www.cityoftacoma.org/cms/One.aspx?portalId=169&pageId=133588>

01:18:37 - Adam Reichenberger: - Group 3?: Talk to your neighbors about it, especially outside of Tacoma.

Talking about taxes is difficult. Folks here resist. Housing costs are high, property taxes are high. So keeping the narrative focused elsewhere would be more influential.

All things equal we probably wouldn't support a sales tax, but given the tax system in Washington, it's pretty much our only option.

Our county has a large number of commuters who work and earn money in King County, but then live and spend money in Pierce County. A local sales tax captures King County salary dollars and transfers them to Pierce County.

01:18:47 - Ivan Tudela: - Have to jump off folks :)

01:18:49 - Ivan Tudela: - Thnkas

01:18:57 - Jay Worley: - Thanks Ivan

01:19:09 - Anita Letasi: - during chat discussion...What is the plan for the Affordable housing and oversize of the determinations.

01:19:25 - Rob Huff (he/Him): - Matthew, can you provide a link to the web page with the schedule?

01:19:35 - Paula Anderson: - Room 4-Affordable housing is housing that someone working minimum wage can afford. Not just permanent support housing. City Council members need to be educated on the difference, so that funding can be utilized for both types of housing. Help educate everyone around you about the differences and the increase in elderly, fixed income and disabled individuals going homeless.

01:19:43 - Jeffrey Boyce: - #1- It was nicely said in our group that this tax provides a Human Right.

01:19:48 - Richard Dorsett: - Where will people being removed be told to go?

01:20:26 - Jennifer Ammons: - Thank you, Rian!

01:20:53 - Mark Merrill: - Room #7 Alfred, Verda, Mark -- Emphasis the small impact the tax will have on daily lives .10 for each \$100 spent while highlighting the big impact that the fund would have in providing/promoting housing. Also talk about the savings from a reduction of costs for emergency services call and social services.

01:21:04 - Jeffrey Boyce: - It is good to see you Matthew.

01:21:04 - Theresa Power-Drutis: - Room 9 (part of the room) County and city should put out more information about how the behavior health tax has been used & how much good has been done. This could make a new tax more likely to be seen as having potential to do equally good work in another area. Transparency is critical for collaboration

01:21:16 - Verna Lilly: - Good ambassadorship, Jay!

01:21:18 - Matthew Jorgensen: -

<https://www.cityoftacoma.org/cms/One.aspx?portalId=169&pageId=133588>

01:21:40 - Kenneth King: - 0.01 added on top of the county wide 8% doesn't hurt to read. However, when compounded with other tax changes or in cities that are already higher than the state average of 6.5, the conversation is harder to have.

Its also necessary to have a clear plan of what will be done with those taxes, and success or updates regarding past taxes such as the mental health tax, and how that impacted the community directly

01:21:46 - Christine Lindquist: - Room 10

For communication, start with logistics. Numbers behind the need. Why this funding is necessary.

Enumerate the change you want to see by applying sales tax - what the outcome could be.

# Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

The sales tax issue is absolutely a concern as the perpetuation of a dysfunctional system that disproportionately impacts low income folks. Is this really our only possible way to capture funding for this?

Emphasize the need for structural change (capital investment) instead of piecemeal efforts that don't offer any longterm solutions.

01:25:43 - Mindy McCoy: - Thank you so much! Everyone!

01:25:50 - Janet Runbeck: - Welcome Mindy. Rebuilding Hope is a stellar nonprofit. There is a strong intersection between sex trafficking and homelessness.

01:26:35 - Jay Worley: - Mindy can you please put your contact in the chat

01:29:39 - Valeri Almony: - HI ADAM!

01:30:09 - Jennie Schoeppe: - thanks for that feedback, Jay!

01:30:15 - PATRICIA .: - @Jennie - I guess you couldn't hear me... what about tri-fecta & RSV ?

01:31:19 - Courtney Love: - Yes! it was nice to meet Isiah!

01:31:46 - Jennie Schoeppe: - Hi Patricia! I didn't hear you. I'm sorry. What is your question? YES, we have COVID/FLU/RSV -- all happening at the same time. It's a bummer, and a strain on our hospital systems. the good news is all these things are preventable (COVID and flu through vaccination), and all three through our normal disease prevention strategies! Ill share more links here and hopefully you get my email which has more info as well.

01:32:14 - Joe Perva: - sorry got to leave meeting for another meeting thank you all!

01:32:23 - Jennie Schoeppe: - Yay, welcome to Isiah! We are so glad to have you with us.

01:36:56 - Theresa Power-Drutis: - Isiah: Recommend using dangers of storm-drain contamination as partial justification for ensuring toileting and waste disposal options quickly at campsites and locations with vehicle homes. The other justification (basic human needs) sometimes doesn't get much traction

01:37:08 - Richard Dorsett: - Alliance agenda?

01:41:39 - Jennie Schoeppe: - Hi Theresa, Historically TPCHD has been in a tough spot with sanitation issues. We don't do anything "operational," that is the City and County's role. However, we as the health dept can and should be an "adviser" on these issues and can certainly work w/ the City to encourage improvement in this area. I'll talk more with Adam and Isiah re; this.

01:42:17 - Theresa Power-Drutis: - Thanks Jennie

01:46:08 - Monique Brown: - Yes, yes, yes

01:46:21 - Jay Worley: - ok

01:47:21 - Courtney Love: - reminder to crafters: add 2-4 inches to the body of the hat to make room for dreads/braids. Equity in craft

01:47:26 - Jay Worley: - we have some tools. lets use the listserve to say who and where you can go and ill map it and see for overlay

01:48:31 - Courtney Love: - Red Elm has been very warm to Lived Experience!!

01:48:56 - Rob Huff (he/Him): - Capacity is definitely a challenge for many

01:49:26 - Kenneth King: - We use the gift cards, to take people to lunch and have conversations, rather than just handing them the card and leaving it at that

01:49:28 - Lavada Kent-Napier: - buy the gift cards from red elm
