<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

01:14:51 - Rob Huff (he/him) Housing Alliance: - Hi Judy. We are currently in breakout conversations.

Would you like to go to a breakout room?

01:20:33 - Rob Huff (he/him) Housing Alliance: - People will be back here in 45 seconds

01:21:17 - Christine Lindquist: - Room 6

What discreet actions can I take to address homelessness:

Acknowledge homeless people - recognize them as people

Don't ignore homeless people and the problem

Interact

Offer food and other resources

Have items on hand that people need: Gloves, hygiene kits, wipes, granola bars, gift cards for food, water

Advocate for housing everywhere - not just in lower income neighborhoods

Give resources like 2-1-1

01:21:41 - Janet Runbeck: - Rm 1 =

01:21:44 - Kenneth King: - Oof, that cut off is always a surprise

01:22:23 - Gerald Daniels: - @Kenneth LoL

01:24:00 - Kerri Hill: - Are any of these pet-friendly?

01:24:23 - Theresa Power-Drutis: - Did everyone else lose the pre-breakout thread? I didn't save it before the breakout

01:24:37 - Kenneth King: - I just realized its gone

01:25:00 - Sally Perkins: - Don't have the earlier thread, darn.

01:25:15 - Betty Beer: - Room 7, Listening and talking to homeless, prevention of homelessness to begin with, Hotels to transitional, keeping in mind that the person you are interacting with is a human, strengthening partnerships so you know where to send people to accommodate the needs, Common vision to develop strategies,

01:25:17 - LAVADA KENT-NAPIER: - Last homeless count was 6000?

01:25:31 - Anna Ramsdell: - TRM dogs are ok

01:25:41 - Rob Huff (he/him) Housing Alliance: - Thank you, Anna

01:25:44 - Richard Dorsett: - 1. Treat people like people, everyone can do this. 2. Find people who want to connect directly with homeless people for activities not related to homelessness. 3. Meet with neighborhood and business associations. 4. Develop better list of resource phone numbers.

01:25:49 - Timothy Harris: - Rm 4: Lots of discussion about need for outreach cards that have key phone numbers that will remain reliable over time. Focusing in on getting people in crisis the things they need most. Conversation about whether there would be public interest in cross-class project that pairs people with homeless folks for cultural and social outings.

01:25:58 - Dr. Douglas Jarvie The Salvation Army: - my chat still goes back to 9am

01:25:59 - LAVADA KENT-NAPIER: - So about 200 beds/mats. Available?

01:26:14 - Theresa Power-Drutis: - Caleb - can you give an update on the safe parking document and the S 21 and I situation?

01:26:47 - Clinton Brink: - Unsure what room:

- People are unable to leave tents to get resources because they're guarding their stuff—what about offering to watch their stuff while they're away? The problem with this approach is that it requires building a lot of trust.
- Changing narratives—have conversations with friends, family, and neighbors where we push back gently on common misconceptions

# Tacoma Pierce County Coalition to End Homelessness

<https://pchomeless.org/> - [info@pchomeless.org](mailto:info@pchomeless.org)

- Invite people to come volunteer so they can meet and see people in the homeless community for themselves, which will help combat the stereotypes that prevent homeless people from being seen and understood
- Advocating for policy change when it comes to housing, funding, —turning out for council meetings and other community meetings where decisions about homelessness, housing, and funding are being made
- Relaxing zoning restrictions and other regulations that stand in the way of building affordable housing
- Encouraging people to donate to community organizations, and to personally keep a stock of needed items to distribute

01:26:53 - LAVADA KENT-NAPIER: - Is there motel vouchers?

01:27:12 - Janet Runbeck: - Rm 1 -- 1= support agencies already doing the work, especially churches buying local homes for housing; 2 = story telling; 3= email officials to advocate; 4 = encourage churches to do more; 5 = social media posts to change the narrative; 6 = go to encampments with donations; 7 = promote "Family Practice" policy, based on family housing network model of putting folks in churches (Dana, help me out here).

01:28:29 - LAVADA KENT-NAPIER: - Anyone count Hosmer tent encampments

01:28:51 - Janet Runbeck: - correction = Family Promise model (room 1)

01:29:30 - Sally Perkins: - Can we get the 21 and I update on the list serve? It's not helpful to have it hanging with so little information.

01:29:47 - Courtney Love: - Rm 3, Icess, Maya, Ken, Courtney, Gerald, Lisa K

\*People already doing the work should bring their friends into community.

\*New People are great for grunt work, ie making the meal, with more experienced people serving the meal. Gives them time to acclimate.
