01:25:18 - Tod Gunther: - What date is that address, Rich?

01:25:26 - Isiah Cocroft: - SCHOPE

01:25:29 - Jay Worley: - Donna can you post the link for the site

01:25:39 - Theresa Power-Drutis: - Caleb: do you have an eta (projected opening date)for each of those new resources?

01:25:59 - jan hutchins: - Nice job Monique

01:26:06 - Tod Gunther: - Do you have photos, Laurie?

01:26:12 - Anna Baker: - I had a question, and maybe this can be added to the Proposed Rental Housing Code, if any feel it necessary. What about addressing the credit score requirement for a prospective tenant? I assist folks who have the voucher find housing, and alot of property management require a specific credit score to apply for their apartment (700 was a requirement just yesterday). This is almost impossible for folks who are low income!

01:26:33 - Jay Worley: - Thank you Jennie And your team

01:26:45 - Lisa Kleiner: - Adenovirus.. are you able to talk about this?

01:31:24 - ChiQuata Elder: - Anna- at this time we are still gathering information on what barriers there are around screening and this is what we have identified and/or council directed us to look into. However, during our community engagement we will be taking and considering all feedback and will take it to council to get direction on whether or not they want us to explore drafting policy around it or not.

01:31:47 - Kenneth King: - flesh damage vs blood flow (frost bite vs hypothermia), I think

01:32:06 - Richard Dorsett: - My dog was acting weird, but not due to carbon monoxide; just being weird.

01:32:15 - Jennie Schoeppe: - The Test and Go kiosk info: current site is 21818 38th Ave. E. in Spanaway. We anticipate two more locations will be available on 3/16/23: (1) Spanaway United Methodist Church, 135 163rd Street South, Spanaway WA, 98387 and (2) Resurrection Lutheran Church, 4301 Browns Point Blvd. Tacoma WA, 98422.

01:32:23 - Jay Worley: - Isiah, could you please email inclement weather listserv the numbers if possible.

01:32:28 - ChiQuata Elder: - Currently the screening criteria is just something we are looking to explore. There are no other jurisdictions that have policy around the rent to income ratio but several have policy around ssn and criminal history.

01:32:29 - Kenneth King: - the deaths are not included in the current count available?

Breakout room discussion:

What are you most excited about?

What are you most concerned about?

01:50:19 - Courtney: - Thank you ChiQuata

01:50:31 - Isiah Cocroft: - Where is the data coming from?

- Not a lot of data due to changes in the rental market. Other jurisdictions are collecting data as they have had these codes in place before. Even small changes to rent can detrimental.

COT has a relocation fund. People who are pushed out of a rental units for long periods of time are not able to relocate causing people to leave the state.

Additional eviction restrictions.

Biggest obstacle? Housing providers are very organized. Tenants are not speaking out to council members and decision makers as often as housing providers. Balance between advocating tenants, but also understanding the business of landlords.

Landlords having continuing education minimums around laws around landlords.

State laws place limits on what is possible

01:51:54 - Verna Lilly: - Room 1 - There needs to be a cap on rent increases; Homeless should have 60 day's notice too; the % of the rent increase is important too, not just notice; we like the idea of shared housing but unofficial shared housing (private subletting) is risky for renters and landlords alike.

01:54:24 - Richard Berghammer: - Off topic, FYI - Leaders of organizations that serve residents of East Pierce County (e.g.- food insecurity, homelessness, health care, etc.), are invited to attend the 2023 Partnership Summit. The event will be next Wednesday from 7:30 - 1:00 in Puyallup, further details can be found at the link below. The Summit's focus and setting are conducive to cultivating new relationships, hopefully leading to the type of new partnerships that will help us to serve the local

Any questions can be directed to Rich Berghammer (253) 831-1807 [MinistryCounseling@comcast.net](mailto:MinistryCounseling@comcast.net)

01:54:30 - Rian Booker: - - - Rent increase notice increases: Makes it easier and more profitable to evict someone and set rent to whatever, than to incrementally raise rent while keeping someone housed.

- - Rental restrictions making it harder for renters to provide housing.

- - Policy does nothing to increase availability for sub-50% AMI residents.

- - Policy does nothing to help housing availability, just slows down the inevitable.

- - Shared housing rules aimed at taking away housing, not making more housing available.

- - Feedback into this process is throttled. There is no dialog, just "Do you like this? Yes or No?"

01:54:32 - Rosemary Powers: - quote from 15 yr old Claudette Colvin who refused to give up her seat on a Montgomery bus in March 1955: I could not move, because history had me glued to the seat. . . It felt like Sojourner Truth's hands were pushing me down on one shoulder and Harriet Tubman's hands were pushing me down on another shoulder, and I could not move.

01:54:39 - Kenneth King: - I have to bounce for a bit. I will try to come back when I am able

01:54:49 - Raquel Sager: - Room 7- excited about cap

On notice for

rent in crease. 100% rent increases are ridiculous.

Excited about cap on screening criteria because some companies are requiring 700+ credit scores.

Nothing to really be concerned about on proposed changes.

Why haven't our tax dollars taken care of the homelessness issue and housing instability....?

01:58:37 - Rosemary Powers: - Poet Sonia Sanchez in her 2018 poem Haiku and Tanka for Harriet Tubman, invites us to:

7. Picture her ripe with seasons of legs ... running ...

8 Picture her tasting the secret corners of woods ...

9 Picture her saying: You have within you the strength, the patience, and the passion to reach for the stars, to change the world ...

10 Imagine her words: Every great dream begins with a dreamer ...

11 Imagine her saying: I freed a thousand slaves, could have freed a thousand more if they only knew they were slaves ...

12 Imagine her humming: How many days we got fore we taste freedom ...

01:59:24 - Timothy Harris: - Our group talked about how micro but achievable these goals are. "These proposals are the kind of thing that give incrementalism a bad name." Most met with approval but some concern about impact of cracking down on underground rentals. Rent ratio and credit rating requirements need to be made more attainable. Support for Tacoma4All proposals. Talking about the

rapid rises in rents we agreed that it's time for revolution. "There's nothing fair about the rate and speed of rent increases." MLK's "Beware of gradualism" was quoted.

02:04:26 - Faith Rasmussen (she/her): - Good Trouble Update:

My name is Faith Rasmussen (she/her) and I'm a student at the University of Washington - Tacoma. I wanted to share that I'm submitting a project proposal to the UW Osheroff Grant to fund a mutual aid outreach project with the award of \$4000. This application is due on March 18th, 2023.

I do have an ask that I would like to also add which is: would it be possible to have a letter of partnership from this coalition (or another organization focused on housing justice and mutual aid) to fulfill one of the requirements for the application?

I apologize my health prevented me from reaching out earlier and therefore I understand how this ask seems last-minute. I'm free to meet next week to discuss the project further and may be reached at [faithrasmussen1397@gmail.com](mailto:faithrasmussen1397@gmail.com).

- 02:09:59 - Theresa Power-Drutis: - Do you need any auction items?
- 02:10:06 - ChiQuata Elder: - I want to make sure all of you all understand that our proposals around shared housing is not aimed to taking away housing. It is to ensure that people are living in uninhabitable spaces such as closets, attics, and basements without proper egress. Or that building are overcrowded and it starts to have an negative impact on the neighborhoods. One of our biggest concerns is that people living in spaces where they are renting rooms are evicted at high rates and the proper steps are not being followed under the law.
- 02:10:31 - Tod Gunther: - Tammy, can you put info on fundraiser here?
- 02:10:55 - Courtney: - I plan on winning all the auctions again!!
- 02:11:18 - Jennie Schoeppe: - Yes, please share the details for fundraiser here -- date, time, address, ticket info? thanks!
- 02:11:24 - ChiQuata Elder: - We understand that shared housing is needed and we appreciate everyone who owns or operates shared housing in Tacoma. We just want to ensure they are being treated the same as any other renter in housing.
- 02:11:32 - Richard Dorsett: - ChiQuata, more detail about scope of problem would be useful.
