00:21:03 - Theresa Power-Drutis: - Perhaps the World Ends Here  
BY JOY HARJO

The world begins at a kitchen table. No matter what, we must eat to live.

The gifts of earth are brought and prepared, set on the table. So it has been since creation, and it will go on.

We chase chickens or dogs away from it. Babies teethe at the corners. They scrape their knees under it.

It is here that children are given instructions on what it means to be human. We make men at it, we make women.

At this table we gossip, recall enemies and the ghosts of lovers.

Our dreams drink coffee with us as they put their arms around our children. They laugh with us at our poor falling-down selves and as we put ourselves back together once again at the table.

This table has been a house in the rain, an umbrella in the sun.

Wars have begun and ended at this table. It is a place to hide in the shadow of terror. A place to celebrate the terrible victory.

We have given birth on this table, and have prepared our parents for burial here.

At this table we sing with joy, with sorrow.

Our keynote speaker is UW Professor Gregg Colburn, who will present key findings from his book, Homelessness is a Housing Problem. His co-author, Clayton Page Aldern, according to his bio, provided data analysis and program evaluation for homelessness programs in Pierce County.

If you are interested in attending, please email me at [Melinda.lowe@fusionfederalway.org](mailto:Melinda.lowe@fusionfederalway.org) and I will send you the link to register. You will come away armed with information and data that is specific to the Puget Sound region, and learn about how FUSION provides support to families experiencing homelessness. If you are unable to attend, the link to the book synopsis is here -- <https://homelessnesshousingproblem.com>.

00:39:03 - Janet Runbeck: - The City of Lakewood just outlawed homeless people. Jesse, you are out of a job now.

00:39:27 - Kenneth King: - We can navigate with her, but best practice is for yall to send in a referral so we can get her in our system, and then someone that has built trust with her, should participate in an introduction with us, at a nearby coffee spot maybe.

- 01:11:39 - Keishawna Smith: - Sorry everyone, I have to leave for a meeting with the Dept of health. See you next week!
- 01:23:26 - Kenneth King: - Notes:  
Communication was good with county leading.  
Independent outreach should take a larger role.  
Sweeps... harder to find.  
Volunteers took blunt of field work.  
Temps were not as bad as expected, things may not have been as successful if things had gone longer.  
City was strangely silent.
- 01:24:13 - Isiah Cocroft: - Coalition activated due to inclement weather.

Lack of information for long term affects from inclement weather.

Success: Getting jurisdiction reports from DEM early, getting current information.

01:25:43 - Jay Worley: - FOB as well please

01:26:03 - Theresa Power-Drutis: - People in vehicle homes in and around our street are looking forward to a safe lot so close to resources

01:26:33 - Kenneth King: - I have to step away for a moment

01:30:03 - Timothy Harris: - Rm. 1: Shelter sites should be able to exceed capacity in inclement weather. Heated/cooling busses need to be part of inclement response. FOB vets site struggled without heat into november; anticipate cooling to be a similar challenge; blankets, cots, hand warmers and such seem suitably available. People being pushed out of other communities are arriving not knowing anything about where to find resources; need a basic map that points to essentials so people don't have to rely on 211. Localities and agencies need more microlevel support so disproportionate burden isn't falling upon them. Need more support from Feds and State. Neds to be more help that "freaking makes a difference" instead of "Creaking criminalizing them."

01:30:19 - Rob Huff (he/him) Housing Alliance: - Appreciate that Caleb. Right now the County is sending me daily emails on availability, and I am updating them on the pchomeless.org website...

01:30:36 - Janet Runbeck: - Hospitals use our website to find shelter for patients being discharged. It's very problematic.

01:30:42 - Theresa Power-Drutis: - Let's stop using sweeps which continue to add costs to the city and trauma to the most vulnerable communities. Try something new. How many other options have even been discussed by decision makers?

- 01:36:50 - Richard Dorsett: - If we could use a by name list we could help lots of people. Sometimes the solutions are simple.
- 01:37:24 - Jay Worley: - just a nickname list would be so helpful
- 01:37:29 - Rob Huff (he/him) Housing Alliance: - The county was working on a by-name list in conversations back in December. I am unsure where that effort is at right now...

- 01:41:10 - Rian Booker: - Thx Caleb. Besides By Name, in congregate there's lessons to be learned. For instance, the default housing offering is TRM, which is a 12 hours in the rain and 12 hours indoors -- which is the definition of instability. The public and policy makers need to understand that.
- 01:41:26 - Dana Peterson: - Rm 4-try to figure out a inexpensive portable heat source for campers in winter.
- 01:41:44 - Kenneth King: - Cant be mad at folks for not accepting a burger, when every person before you offered a burger they just spat in
- 01:41:56 - Theresa Power-Drutis: - When people are in one place - the odds of them finding appropriate services goes up. Every sweep is a step backward. We can deal with the problems instead of treating everyone in a camp as guilty of anything that happens. People need to "heal in place."
- 01:42:14 - Richard Dorsett: - I have a small list of coordinated names trying to huddle around the needs of the woman with leukemia. I will keep at it at hopefully get solution before the sweep.

- 01:44:13 - Richard Dorsett: - All are welcome to join me at 3:45 today at Union Loop encampment to serve food. Opportunities for outreach abound!

- 02:01:13 - Theresa Power-Drutis: - So far there is no safe lot where people can live in non-functioning vehicles with some basic shared amenities. An idea whos time has come. That kind of vehicle home park could be considered a type of shelter. What Jeffrey said is true - keep it simple with safe parking
- 02:01:21 - Madeline Sanchez New Hope: - Good morning, everyone! New Hope Resource Center in Puyallup also has Safe Parking locations throughout several cities in Pierce County. - 02:04:24 - Rob Huff (he/him) Housing Alliance: - I saw your letter too, Ed. Thank you for raising that point.
- 02:04:26 - Theresa Power-Drutis: - Rian: Great point about the empty beds - would help a lot of people. This probably wouldn't work for everyone. Some people have extreme behavior health issue that would make it hard to find a casual living situation that would last.
- 02:04:42 - Sally Perkins: - Amen, Ed.
- 02:04:44 - Theresa Power-Drutis: - We need those other resources too
- 02:06:24 - Rian Booker: - Replying to "Rian: Great point ab..."

Agreed, but if you think of housing as a network, every person that finds a bed in the private sector opens another bed in institutional supporting housing.
