

QUEST	People leaving incarceration can re-integrate into the community	Providing primary healthcare to people experiencing homelessness	End homelessness
THREAT	That their record will prevent them from finding housing	Repeal of the ACA means people with low-incomes don't receive healthcare	Rising cost of housing and stagnating wages push people into homelessness  Not enough housing available
HERO	Advocates, people with lived experience; sometimes decision makers	Healthcare providers, people who need healthcare/clients, homeless students	

VILLAIN	Sometimes decision makers, landlords and employers who turn away people with an incarceration history, for profit prisons and the people who get rich off of them, greedy developers	Insurance industry and their lobbyists, Donald Trump (ending ACA), hospital CEOs and presidents, pharmaceutical executives	Property owners/NIMBY, real estate lobbyists, landlord lobby, hedge funds/Blackstone
TOOL			THIS ROOM, funding for homelessness prevention and care, NASW code of ethics in action, accessible jobs, advocacy and laws that fight back
WEAPON	Policies that block access, spreading propaganda that villainizes people experiencing homelessness and those who want to help, personal responsibility narrative, police pressure, spreading lies on social media, control,	Policies that block access	Policies that block access, Sinclair/KOMO
